Professional Experience

Freelancer | Tutor
2019-2023

Key responsibilities:

- Provided one-on-one and group tutoring sessions for students of various age groups.
- Developed personalized lesson plans and study materials tailored to each student's needs and learning style.
- Conducted assessments to identify areas of improvement and targeted specific topics for focused instruction.

Freelancer | Web Developer

2023

Key responsibilities:

- I completed a project. Name of the project is SV Shine Solution. This business offers marble polishing services. I must update the material and create the pages for Delhi, Faridabad, and Gurgaon as part of this assignment. And I discovered SEO through this project. I learned about search engine optimisation from this project.

Achievements

- Responsive Web Design: The introduction of responsive web design revolutionized the way websites are built and viewed. It allows websites to adapt and provide an optimal viewing experience on various devices, including desktop computers, tablets, and smartphones.
- HTML5 and CSS3: The release of HTML5 and CSS3 brought significant improvements to web development. HTML5 introduced new structural elements, multimedia support, and improved APIs, while CSS3 introduced new styling options and effects, making it easier to create visually appealing and interactive websites.
